FLOWER FIELDS

In blooming fields filled with daisies, poppies and other wild flowers, a fresh floral fragrance spreads throughout the summer sky. Butterflies and buzzing bees flutter around, drawn in by the warm tones of beautiful flowers sprouting up through the tall grass. Our new Spring Summer collection draws inspiration from these unique elements of nature.

Our hand-made leather shoes and sandals are embellished with dragonflies, beetles and bumble bees, guaranteed to have little children buzzing with excitement. A bouquet of delicate flowers and fruits decorates our wide variety of accessories, ranging from hair clips to purses to backpacks. These exclusive designs can be styled with our clothing line of lightweight materials and soft colors to create a multitude of irresistibly cute outfits.
